WATERS OF THE WORLD

SAN PELLEGRINO

This quintessentially Italian brand is celebrated the world over for its exceptional sophistication and taste: a perfect accompaniment to the very best food and wine. From its source in the Italian Alps, the 100% natural sparkling mineral water combines a perfectly balanced salinity and acidity with effervescent bubbles to provide a lively, thirst-quenching experience.

PERRIER

Elegant, sparkling, and refreshing. Perrier sparkling natural spring water has delighted generations of beverage seekers for over 150 years, with its unique blend of distinctive bubbles and balanced mineral content. Originating in France, its effervescent spirit is known worldwide. It also offers a great alternative to carbonated soft drinks, with no sugar and zero calories. Perrier is thirst-quenching on its own, but its crisp carbonation makes it the perfect partner for cocktails and drink recipes.

FIJI WATER

On a remote Pacific island, 1,600 miles from the nearest continent, equatorial trade winds purify clouds that begin FIJI water's journey through one of the world's last virgin ecosystems. As tropical rain falls on a pristine rain forest, it filters through layers of volcanic rock, slowly gathering natural minerals and electrolytes that infuse a soft, smooth taste. While FIJI water tastes great chilled, many people prefer to drink it at room temperature to enjoy the full effect.
